

SRP QUESTIONS – BOX 1

- Does anyone on scene have a fever (or hot to touch in room temperature) **or taking a fever reducing medicine (i.e. - Tylenol, Ibuprofen)**
- Does anyone on the scene have a cough?
- Does anyone on the scene have difficulty breathing or shortness of breath?
- **Does anyone on the scene have recent diarrhea – within last 14 days?**
- Does anyone on the scene have any other flu-like symptoms (sore throat, cough, body aches)

Any two YES answers = “Strict Respiratory Caution Alert”
